This exclusive new build residential project features nine luxury homes designed to offer comfort, efficiency, and a contemporary Mediterranean lifestyle. The building boasts modern, functional architecture, combining high-quality materials with solutions aimed at daily well-being.

The communal areas include a rooftop sun terrace with a community pool, an ideal spot to relax and enjoy the Mediterranean climate. The building also features a lift, private garages, and individual storage rooms (depending on the property), offering residents convenience and practicality.

The homes are available in one, two, and three-bedroom layouts, all thoughtfully designed with a careful layout and contemporary finishes that blend style, functionality, and durability.
