The unique design for this new build villa was inspired by the breathtaking views and the natural light. Allowing for a logical and practical layout, while promising an optimal and pleasurable living experience. The use of high-quality and sustainable materials will result in a luxury villa in a beautiful, quiet and green location in Altea la Vella with stunning sea views.

The 2 story villa will consist of 4 bedrooms, 3 bathrooms, a beautiful gray glass mosaic tiled infinity pool and large terraces surrounding the property.&nbsp; The driveway and the roof terrace have a surface area of 170 m2 and lead to the garage. This villa is being built in compliance...(Ask for More Details)
