256m²

804m²

Three-bedroom, two-bathroom villa of 256 m² built in 2004, set on an 804 m² plot in the Cala D'or area of El Campello, on the Costa Blanca. The property is arranged over three floors and includes a fully equipped open-plan kitchen, gres porcelánico flooring throughout, PVC double-glazed windows, and three heating systems: infrared panels, split A/C units, and a wood-burning fireplace. The master bedroom has an en-suite bathroom and its own private terrace. There is additional space on the lower level with potential for a guest apartment. Storage is plentiful. The property is a resale in traditional Mediterranean style that would benefit from a full cosmetic update and general refreshing. (Ask for More Details)
