Discover a unique collection of properties designed with your comfort and convenience in mind. This new residential development offers the chance to choose from modern homes with approximately three bedrooms, ranging from 92 m² to 117 m². The apartments are spread across a three-storey building still under construction, with completion projected for the fourth quarter of 2026.

Each home includes a private parking space and storage room, and is equipped with a fully fitted bathroom and kitchen. The pre-installation of air conditioning, along with electric blinds, ensures comfort and energy efficiency, although the energy efficiency certificate is pending acquisition.

This space guarantees tranquillity, with courtyard gardens for ground floor apartments and
